DETAILED ACTION

1. Newly submitted claims 18, 19, 22, 25, 26, 28-30, 32, 33 and 86-114 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The previously presented claims and the claims as presented by the last amendment are not related.

The original presented claims 18-33 were directed to a process for removing photoreists by plasma generated from a gas with a first power source and exposing the substrate to plasma products by providing a power to a substrate support from a second power source at a pressure less than 500mTorr.

The new claims 18, 19, 22, 25, 26, 28-30, 32, 33 and 86-105 are directed to a process for removing photoresists from a substrate by plasma products from the plasma generated from hydrogen, without requirement of application power to substrate support to expose the substrate to plasma products, at pressure less than 200 mTorr.

New claims 106-114 are directed to a method of removing residue from a substrate by plasma products from the plasma generated from hydrogen, without requirement of application power to substrate support to expose the substrate to plasma products, at pressure less than 200 mTorr.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 18, 19, 22, 25, 26, 28-30, 32, 33 and 86-

Art Unit: 1746

114 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. The amendment filed on 9/30/03 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because of the reasons provided above.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
